INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
The Moody Bible Institute of Chicago
Chicago, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of The Moody Bible Institute of Chicago (the Institute), which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Moody Bible Institute of Chicago as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying supplemental schedules presented on pages 32 and 33, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information, except for that portion marked "unaudited", was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, that information is fairly stated in all material respects in relation to the financial statements as a whole. The information marked "unaudited" has not been subjected to the auditing procedures applied in the audits of the financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

NOTE 1 - ORGANIZATION

The Moody Bible Institute of Chicago (the Institute) was incorporated in the state of Illinois in February 1887 as the Chicago Evangelization Society. The name was changed to The Moody Bible Institute of Chicago in March 1900.

The Institute exists to equip and motivate people to advance the cause of Christ through ministries that educate, edify, and evangelize. The primary means for executing this purpose are:

- Conducting Christian educational activities through undergraduate, seminary, and distance learning divisions and conference ministries;
- Publishing and distributing evangelical Christian literature; and
- Producing and broadcasting Christian radio programs.

The Institute draws its students from all fifty states as well as around the world. An Institute distinctive is its long held tuition-paid education model for full-time undergraduate students studying on the Chicago campus, which is financed through contributions from friends of the Institute. These students only pay for room and board and miscellaneous student fees. However, students studying on the Seminary campuses, Moody Spokane branch campus or through distance learning options pay tuition and student fees, as well as room and board if living on the Chicago campus. The amount of tuition charged does not fully cover the cost of all programs so some are also heavily financed by contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements of the Institute have been prepared on the accrual basis of accounting. Significant accounting policies followed in preparation of these financial statements are described below.

<u>General</u>: The accompanying financial statements have been prepared to focus on the Institute as a whole and to present balances and transactions according to the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Unrestricted net assets – Net assets not subject to donor-imposed stipulations.

<u>Temporarily restricted net assets</u> – Net assets subject to donor-imposed stipulations that may or will be met by actions of the Institute and/or the passage of time.

<u>Permanently restricted net assets</u> – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Institute. Generally, the donors of these assets permit the Institute to use all or part of the income earned on related investments for general or specific purposes.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Realized and unrealized gains and losses on investments are reported as increases or decreases in unrestricted net assets in the statements of activities unless their use is restricted by explicit donor stipulations or by law. Expirations of temporary restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between the applicable classes of net assets in the statement of activities as net assets released from restrictions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Public Support and Revenue</u>: Contributions, including unconditional pledges, are recognized in the period received. Conditional pledges are recognized when the condition on which they depend are substantially met. Contributions of assets other than cash are recorded at estimated fair value. Contributions received with donor-imposed restrictions that are met in the same year as the contributions are received are reported as revenue of the unrestricted net asset class. Contributions of land, building, and equipment without donor-imposed restrictions concerning the use of such long-lived assets are reported as revenue of the unrestricted net asset class.

The Institute is the beneficiary under various wills, the total realizable value of which is not presently determinable. Such amounts are recorded as contributions when the will clears probate and the proceeds are clearly measurable.

Student tuition and fees are recorded as revenue during the year the related academic services are rendered. Student tuition and fees received in advance of services to be rendered are recorded as deferred revenue.

Revenue from the sales of books and publications as well as Institute conferences are recorded when the goods are shipped or the conference is held. Amounts received in advance of shipment of books and publications, and conference dates are recorded as deferred revenue.

Allowance for Doubtful Accounts: The allowance for doubtful accounts is determined by management based on the Institute's historical losses, accounts receivable aging information, specific circumstances and general economic conditions. Receivables are charged off against the allowance when all attempts to collect the receivable have failed.

Investment Return Designated for Current Operations: The Institute has adopted an endowment and investment spending policy in support of current operational budget requirements. The policy allows for the spending of a percentage of the prior year-end fair value of endowment assets (4.5% for fiscal years 2015 and 2014) and other investments (6.0% for fiscal years 2015 and 2014). If endowment and investment returns (i.e., interest, dividends, and gains) exceed the established spending rate, such excess is set aside and reinvested for future needs. If endowment returns are not sufficient to support the spending policy, the yield shortfall is provided from amounts previously set aside. The amounts spent for the current year are shown in the operating section on the statement of activity as "Investment return designated for current operations." The amount set aside is shown in the "Other changes in net assets" section as "Investment return in excess of amounts designated for current operations."

<u>Operations</u>: The changes in net assets from operating activities in the statement of activities reflect all transactions increasing or decreasing net assets except for endowment gifts, reinvestment of income and gains in excess of amounts designated for current operations, changes in asset retirement obligations, changes in the funded status of pension and other postretirement obligations in excess of annual contributions, and changes in the value of split interest agreements.

<u>Cash Equivalents</u>: Cash equivalents include all highly liquid investments with a maturity of three months or less. Cash equivalents that are held in an Institute managed trust are included with trust holdings.

<u>Inventories</u>: Inventories, which primarily consist of books and publications, are stated at the lower of cost or fair value. Cost is determined by the last in first out (LIFO) method.

<u>Investments</u>: Investments, except for real estate held for investment and other non-marketable investments, in marketable equity, debt securities, and alternative investments are reported at fair value.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Property, Plant, and Equipment</u>: Property, plant, and equipment are stated at cost at date of acquisition or at fair value at date of gift. Property, plant, and equipment are being depreciated principally on a straight-line method over their estimated useful lives.

Long-lived assets, such as property, plant, and equipment are reviewed for impairment whenever events or changes in circumstances indicate that the fair value of an asset may be less than its carrying value. This loss would be recorded if it is not recoverable.

The Institute has various literary collections, which consist of evangelical manuscripts, private papers, and rare books of several authors. The collections are not capitalized on the accounting records of the Institute.

<u>Radio Station Licenses</u>: Radio station licenses are recorded as other assets and are being amortized on a straight-line basis over 40 years.

Beneficial Interest in Trusts Held by Others: Donors have established and funded trusts which are administered as trustee by external organizations. Under the terms of the trusts, the Institute has the irrevocable right to receive the income earned on the trust assets either in perpetuity or for the life (term) of the trust. The Institute does not control the assets held by outside trusts. Although the Institute has no control over the administration of the funds held in these term and perpetual trusts, the current fair value of the underlying assets, which approximates the estimated fair value of the expected future cash flows from the trusts, is recognized as an asset in the accompanying financial statements.

Obligations Under Split-Interest Agreements: These agreements include trusts, annuities, and a pooled income fund held by the Institute in which the Institute is a beneficiary. The liability on temporarily and permanently restricted irrevocable trusts held by the Institute is computed by taking the present value of the payments expected to be made to other beneficiaries at the date of the trust agreement. For these trusts, the discount rate utilized in 2014 and 2015 ranged from 2.54% to 6.0%. The liability on pooled income funds is calculated based on the fair value of the assets donated discounted at a rate from 2.59% to 6.0% for the estimated time period until the donor's death. The Institute continues to use the policy of basing the annuity contract actuarial reserve at the standard set by the State of California. Annuities use the Internal Revenue Service (IRS) discount rate based on the date of the gift, and these rates range from 1.0% to 6.2%. Actuarial tables are used to estimate the years until distribution in all cases mentioned above. Contributions from split-interest agreements approximated \$12,300,000 and \$7,100,000 in 2015 and 2014, respectively.

<u>Use of Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Such estimates and assumptions could change in the future as more information becomes known, which could impact the amounts reported and disclosed therein.

<u>Income Taxes</u>: The Institute has received a determination letter from the Internal Revenue Service indicating that the Institute has been recognized as tax-exempt pursuant to Section 501(c)(3) of the Internal Revenue Code and, except for taxes pertaining to unrelated business income, is exempt from federal and state income taxes. No provision has been made for income taxes in the accompanying financial statements, as the Institute has had no significant unrelated business income.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Institute follows guidance issued by the Financial Accounting Standards Board (FASB) with respect to accounting for uncertainty in income taxes. A tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded.

The Institute recognizes interest and penalties related to unrecognized tax benefits in interest and income tax expense, respectively. The Institute has no amounts accrued for interest or penalties as of June 30, 2015 or 2014.

Due to its tax-exempt status, the Institute is not subject to U.S. federal income tax or state income tax. The Institute is no longer subject to examination by U.S. federal or state taxing authorities for the fiscal years before June 30, 2012. The Institute does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months.

<u>Reclassifications</u>: Certain amounts previously reported in the 2014 financial statements have been reclassified to conform to the 2015 presentation. The reclassifications did not affect the net assets or the change in net assets for the year ended June 30, 2014.

<u>Subsequent Events</u>: Management has performed an analysis of the activities and transactions subsequent to June 30, 2015, to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year ended June 30, 2015. Management has performed their analysis through October 26, 2015, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

At June 30, 2015 and 2014, the carrying value of investments is comprised of the following:

		<u>2015</u>	<u>2014</u>
Common stocks	\$	13,747,079	\$ 15,746,595
Mutual funds		35,485,317	37,238,979
Hedge fund		9,246,010	8,621,291
U.S. government securities		14,836,036	13,041,960
Corporate bonds		34,478,179	35,953,468
Real estate		704,043	621,308
Mortgage, note, and contract receivables		538,214	709,642
Other		2,618,409	 2,459,999
Total investments		111,653,287	114,393,242
Cash and cash equivalents		12,980,916	 8,236,075
Total investments and cash equivalents	<u>\$</u>	124,634,203	\$ 122,629,317

NOTE 3 - INVESTMENTS (Continued)

Investments and cash and cash equivalents are allocated by fund as follows:

		<u>2015</u>		<u>2014</u>
Operating funds	\$	25,515,796	\$	21,166,283
Annuity fund		40,166,835		45,429,533
Other temporarily restricted funds		25,851,467		23,602,378
Endowment fund		33,100,105	_	32,431,123
Total carrying value	<u>\$</u>	124,634,203	\$	122,629,317

The annuity fund investments help to fund the annuity actuarial reserve liability of \$44,453,863 and \$43,359,906 at June 30, 2015 and 2014, respectively.

Investment return for the years ended June 30, 2015 and 2014, is as follows:

	Year Ended June 30, 2015							
	Temporarily							
	<u>Unrestricted</u> <u>Restricted</u> <u>Total</u>

The Institute provided a loan in the amount of \$500,000 to assist the President in acquiring a residence in the city of Chicago in close proximity to the Institute's campus. Payments of interest only are made monthly at a rate of 4.0% per annum. It is held as part of the Institute notes in the Operating fund.

NOTE 4 - TRUST HOLDINGS AND OBLIGATIONS

As trustee, the Institute administers revocable trusts that provide for a beneficial interest to the Institute or other beneficiaries at the death of the grantor. Revocable trusts are subject to change at the discretion of the grantor and are, therefore, recorded as an asset and an equivalent liability. At the grantor's death, the remaining assets will be distributed to the Institute or other specified beneficiaries in accordance with the trust agreement.

In addition, the Institute administers irrevocable charitable remainder trusts. These trusts provide for the payment of lifetime distributions to the grantor or other designated beneficiaries. Upon the death of the grantor or other designated beneficiaries, the trusts will distribute assets to the designated remaindermen. The present value of the portion of the trust that is paid during the lifetime of other designated beneficiaries is recorded as a trust obligation in the statement of financial position. In addition, some of the trusts contain provisions requiring distributions to remaindermen other than the Institute. The portion of the trust attributable to other remaindermen is also recorded as a trust obligation in the statement of financial position. The change between reporting periods in the trust obligation is recorded in the statement of activities as a component of change in present value of split-interest agreements. This amount is reclassified to unrestricted net assets at the termination of the trust.

NOTE 4 - TRUST HOLDINGS AND OBLIGATIONS (Continued)

The assets held in trust by the Institute and the corresponding liabilities at June 30, 2015 and 2014, are comprised of the following:

	<u>2015</u>	<u>2014</u>
Trust assets:		
Cash and cash equivalents	\$ 14,940,959	\$ 12,593,787
Common and preferred stocks	40,173,474	44,971,383
U.S. government securities	28,204,681	34,581,650
Corporate bonds	11,973,562	14,823,650
Mutual funds	63,931,859	64,091,469
Real estate	3,227,590	2,978,104
Mortgage, note and contract		
receivables	225,787	339,484
Other assets	2,259,357	5,084,959
Beneficial interest in perpetual		
trusts held by others	4,494,029	4,538,794
	\$ 169,431,298	\$ 184,003,280
Trust obligations:	<u>2015</u>	<u>2014</u>
Revocable trusts	\$ 78,573,501	\$ 85,611,134
Irrevocable trusts	31,581,244	32,924,020
Pooled income funds	7,849,155	7,658,099
Due to other remaindermen	12,852,844	16,561,342
	\$ 130,856,744	\$ 142,754,595

NOTE 5 - FAIR VALUE OF ASSETS AND LIABILITIES

<u>Cash and Cash Equivalents</u>: The carrying amounts reported in the statement of financial position approximate their fair value.

Receivables: The carrying amounts reported in the statement of financial position approximate their fair value.

<u>Accounts Payable And Accrued Expenses</u>: The carrying amounts reported in the statement of financial position approximate their fair value.

<u>Annuity Contract Actuarial Reserve</u>: The carrying amount reported in the statement of financial position approximate their fair value and uses the historic discount rates at the time the annuities were established.

NOTE 5 - FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

<u>Trust Obligations</u>: Fair value is based on the present value of the trust portion attributable to beneficiaries and remaindermen other than the Institute using historical discount rates at the time the trusts were established. The carrying amount reported in the statement of financial position approximates its fair value.

<u>Investments and Trust Holdings, Other Than Real Estate</u>: The fair value of equity and debt securities is based on quoted market prices if available or using quoted market prices for similar securities. The estimated fair value of alternative investments is based on valuations determined by the investment managers using net asset value (NAV).

FASB defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in the Institute's principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

FASB establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following are descriptions of the valuation methods and assumptions used by the Institute to estimate the fair values of investments:

Common and preferred stocks: Institute equity holdings that are readily marketable are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs). Institute holdings in some preferred stock are valued based on matrix pricing, which is a mathematical technique widely used in the industry to value securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (Level 2 inputs) (income and market approach).

U.S. government securities: Fair values reflect the closing price reported in the active market in which the security is traded (Level 1 inputs).

Corporate bonds: Certain corporate bonds are valued at the closing price reported in the active market in which the bond is traded (Level 1 inputs). Other corporate bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings (Level 2 inputs) (income and market approach).

NOTE 5 - FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Mutual funds: The fair values of mutual funds' investments in equity securities, fixed income securities and international holding securities that are readily marketable are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

Alternative Investments: Alternative investments consist of investments where there may be no active market. The Institute has elected to value alternative investments at fair value and generally uses the net asset value (NAV) of the investment to determine the fair value of these investments, but considers information such as historical and current performance of underlying assets, liquidity terms of the investment agreements, completed or pending transactions in the underlying or a comparable investment, and overall market conditions in determining valuations (Level 2 inputs) (income and market approach).

<u>Hedge Fund</u>: The fund is a globally diversified, multi-strategy, multi-manager "fund of hedge funds" portfolio allocated to 20-30 managers focusing on such categories as: long/short equity, event driven, relative value, and global asset allocation. After one year lock up on each new deposit, the Institute has quarterly liquidity upon 65 day prior written notice. As of June 30, 2015, all Institute investments in the Fund were more than one year old, and thus had quarterly liquidity. The hedge fund had an unrealized gain of approximately \$460,000 for the year ended June 30, 2015.

Beneficial interest in assets held by others: The fair value of beneficial interests in trust assets (or any type of beneficial interest) was determined based upon the fair value of the underlying trust assets at June 30, 2015. This valuation method has been estimated to represent the present value of future distributed income (Level 3 inputs) (income approach).

NOTE 5 - FAIR VALUE OF ASSETS AND LIABILITIES (Continued)

Settlements	-		(1,000,174)	(1,000,174)		
Ending balance, June 30, 2015	<u>\$</u>	\$ 4,494,029	\$ 4,264,744	\$ 8,758,773		

NOTE 6 - PROPERTY, PLANT, AND EQUIPMENT

Property, plant, and equipment at June 30, 2015 and 2014, are comprised of the following:

	<u>2015</u>	<u>2014</u>
Land and improvements	\$ 15,096,119	\$ 15,540,205
Building and building equipment	115,711,743	111,814,268
Furniture and equipment	19,832,550 10,997,310	18,151,645 9,950,852
Computer software Capital lease - computer software and hardware	630,890	630,890
Construction in process	1,717,245	3,701,473
	163,985,857	159,789,333
Less allowance for depreciation and amortization	109,827,596	104,674,385
Total property, plant, and equipment	\$ 54,158,261	\$ 55,114,948

NOTE 6 - PROPERTY, PLANT, AND EQUIPMENT (Continued)

The provision for depreciation and amortization of property, plant, and equipment amounted to \$6,505,809 and \$5,846,145 for the years ended June 30, 2015 and 2014, respectively. The Institute's asset retirement obligation liability located within accounts payable and accrued expenses on the statement of financial position is \$1,949,933 and \$1,847,302 in 2015 and 2014, respectively.

NOTE 7 - OTHER ASSETS

Other assets are comprised at June 30, 2015 and 2014, of the following:

Intangible assets	<u>2015</u>	<u>2014</u>
Radio station licenses, net Wingspread Publishing line, net	\$ 7,291,620 256,074	\$ 7,606,517 446,476
	7,547,694	8,052,993
Prepaid expenses	2,354,708	2,188,403
Other	377,410	370,204
Total other assets	\$ 10,279,812	\$ 10,611,600

Amortization expense related to the radio station licenses and Wingspread Publishing approximated \$521,000 and \$455,000 while accumulated amortization approximated \$6,116,000 and \$5,595,000 for the years ending June 30, 2015 and 2014, respectively. Over the next five years annual amortization expense related to the radio station licenses and the Wingspread Publishing line is estimated to be approximately \$523,000 through June 30, 2016, \$395,000 through June 30, 2017, and \$330,000 thereafter.

NOTE 8 - BENEFIT PLANS

The Institute has a defined-benefit pension plan (the Pension Plan), implemented through a trust. Pension benefits vest after five years of service prior to retirement. A plan amendment was approved by the Board of Trustees in May 2015 to freeze the plan and transition employees participating in the plan to the defined-contribution plan as of January 1, 2016. Employees who were part of this plan retain their pension benefits earned through December 31, 2015, but future retirement earnings will come from the defined-contribution plan. The defined-contribution plan started January 1, 2006, with employees hired after this date only eligible to participate in the defined contribution plan. Institute contributions to the defined contribution plan totaled \$1,854,907 and \$1,553,184 for the years ended June 30, 2015 and 2014, respectively.

NOTE 8 - BENEFIT PLANS (Continued)

In addition to the Pension Plan, the Institute also sponsors a defined-benefit healthcare plan (the Postretirement Plan) that provides postretirement medical benefits and life insurance to full-time employees who have worked 10 years at age 55 or five years at age 60 while in service with the Institute. The Postretirement Plan only covers employees and retirees who were hired on or before December 31, 1995. This plan was amended by the Board of Trustees in May 2015. Through December 31, 2015, Moody continues to provide a supplemental health plan covering a portion of expenses above those covered by Medicare. Beginning on January 1, 2016, Moody will provide covered retirees an annual stipend through a health reimbursement account (HRA) so they can purchase supplemental Medicare coverage through a private exchange.

The following tables summarize the changes in the projected benefit obligation, plan assets, and funded status during 2015 and 2014:

	Pension Plan		Postretirement Plan		
	<u>2015</u>	<u>2014</u>	<u>2015</u>	<u>2014</u>

Fair value of plan assets, end of year	\$ 63,523,800	\$ 64,403,869	<u> </u>	\$ -	
Funded status - liability recognized in the statement of					
financial position	<u>\$ (19,841,486)</u>	<u>\$ (15,505,651)</u>	<u>\$ (16,439,016)</u>	<u>\$ (31,628,602)</u>	

While the Pension Plan is underfunded in that the fair value of plan assets at June 30 is less than the total of all future benefits earned as of that date, the Institute has met and exceeded all required cash contributions to the Pension Plan. Contributions are invested to produce income to the Pension Plan sufficient to meet all future requirements, given management's actuarial assumptions about the expected long-term return on plan assets, discount rates, and plan demographics.

NOTE 8 - BENEFIT PLANS (Continued)

Postretirement healthcare costs are funded each year out of the Institute's operating budget; the liability above represents total expected expenses over the lives of all covered employees, retirees, and dependents.

The accumulated benefit obligation for the pension plan was \$83,365,286 and \$75,472,998 for the years ended June 30, 2015 and 2014, respectively. The accumulated benefit obligation for the Postretirement Plan was \$16,439,016 and \$31,628,602 for the years ended June 30, 2015 and 2014, respectively.

Net periodic benefit cost is composed of the following during 2015 and 2014:

	Pension Plan			Postretirement Plan				
		<u>2015</u>		<u>2014</u>		<u>2015</u>		<u>2014</u>
Service cost Interest cost	\$	915,799 3,245,665	\$	918,622 3,317,948	\$	489,425 1,284,286	\$	390,041 1,160,522
Expected return on plan assets Amortization of unrecognized		(4,500,520)		(3,870,372)		-		-
prior service cost		191,420		191,420		(112,726)		(112,726)
Amortization of net loss		2,091,899		2,224,945				(117,148)
Net periodic benefit cost	<u>\$</u>	1,944,263	<u>\$</u>	2,782,563	\$	1,660,985	<u>\$</u>	1,320,689
One-time curtailment expense	\$	467,052						

Amounts recognized as non-operating activities during 2015 and 2014, are as follows:

	Pension	Pension Plan		ent Plan
	<u>2015</u>	2014	<u>2015</u>	<u>2014</u>
Prior service costs Net (gain) due to plan admendment	\$ (658,472) (3,895,013)	\$ (191,420)	\$ 112,726 \$ (16,117,687)	112,726
Actuarial loss (gain) Other changes in funded status	9,658,005 (768,685)	(2,123,768) (817,437)	232,792 582,583	4,724,088 62,882
	\$ 4,335,835	\$ (3,132,625)	<u>\$ (15,189,586)</u> <u>\$</u>	4,899,696

The weighted-average assumptions used in determining the actuarial present value of the projected benefit obligation and the expected rate of return on plan assets were as follows as of June 30:

	Pension Plan		Postretirement Plan		
	<u>2015</u>	<u>2014</u>	<u>2015</u>	<u>2014</u>	
Discount rate Rate of compensation increase	4.20% 2.50%	4.15% 2.50%	4.20% -	4.15% -	

NOTE 8 - BENEFIT PLANS (Continued)

Weighted-average assumptions used to determine net periodic benefit cost for year ended June 30:

	Pension Plan		Postretirement Plan	
	<u>2015</u> <u>2014</u>		<u>2015</u>	<u>2014</u>
Discount rate	4.15%	4.60%	4.15%	4.60%
Expected long-term return plan assets	7.00%	7.00%	-	-
Rate of compensation increase	2.50%	2.50%	-	-

The fair value of the Institute's Pension Plan assets at June 30, 2015 and 2014, by asset class is as follows:

	2015			
	Level 1	Level 2	Level 3	<u>Total</u>
Investments, at fair value				
Common collective trusts				
Domestic equity mutual funds	\$ -	\$ 14,936,878	\$ -	\$ 14,936,878

with short maturities		1,259,060		1,259,060
	\$ 8,236,883	\$ 55,286,917	<u>\$</u>	\$ 63,523,800

NOTE 8 - BENEFIT PLANS (Continued)

	2014			
	Level 1	Level 2	Level 3	<u>Total</u>
Investments, at fair value				
Common collective trusts				
Domestic equity mutual funds	\$ -	\$ 16,071,503	\$ -	\$ 16,071,503
Domestic fixed income	-	20,214,939	-	20,214,939
Domestic government fixed income	-	5,217,811	-	5,217,811
International equities	<u>-</u>	13,099,521	-	13,099,521
Mutual funds				
US real estate	3,789,579	-	-	3,789,579
Commodity fund	5,011,816	-	-	5,011,816
Short-term investments High-grade money market instruments				
with short maturities	-	998,700		998,700
	\$ 8,801,395	\$ 55,602,474	<u> </u>	\$ 64,403,869

Common collective trusts: The fair values of participation units held in common collective trusts and the short term investment fund are based on their net asset values, as reported by the fund managers of the common collective trusts and the short-term investment and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date (Level 2 inputs) (income and market approach). The investment objectives and underlying investments of the common collective trusts vary, with some holding diversified portfolios of domestic and international stocks and openended mutual funds, some holding short-term and/or medium-term corporate, world, government and government agency bonds, and others holding a portfolio of treasury-inflation protected securities. Each common collective trust provides for daily redemptions by the Plan at reported net asset values per share, with no advance notice requirements.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The target allocation of pension plan assets for the years ended June 30, 2015 and 2014 was 59% for equity securities, 39% for debt securities, and 2% for cash equivalents, respectively.

The objective of the investment allocation strategy is to meet the commitment to plan participants at a reasonable cost to the Institute. The Pension Plan assets are to be actively invested to achieve growth through capital appreciation and accumulation and reinvestment of interest and dividend income.

<u>Contributions</u>: The Institute contributed \$3,180,000 and \$3,600,000 to the Pension Plan in 2015 and 2014, respectively. Based on the advice of its consulting actuary, the Institute's employer contributions expected to be paid in fiscal year 2016 total approximately \$2,400,000.

NOTE 8 - BENEFIT PLANS (Continued)

<u>Estimated Future Benefit Payments</u>: The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid:

		Pension <u>Plan</u>	Po	ostretirement <u>Plan</u>		
2016	\$	3,609,252	\$	944,530		
2017		3,766,915		945,679		
2018		3,913,532		956,553		
2019		4,047,916		976,123		
Years 2020-2024		22,293,865		4,835,856		

A one-percentage-point change in the assumed healthcare cost trend rate would have the following effects on the Postretirement Plan:

	One- Percentage- <u>Point Increase</u>	One- Percentage- Point Decrease
Effect on total of service and interest cost components in 2015 Effect on postretirement benefit obligation	\$ 120,479	\$ (98,549)
at June 30, 2015	2,011,797	(1,666,170)

NOTE 9 - TEMPORARILY AND PERMANENTLY RESTRICTED NET ASSETS

Temporarily and permanently restricted net assets are available for the following purposes for the years ended June 30, 2015 and 2014:

Temporarily Restricted

	June	e 30,
Temporarily Restricted	<u>2015</u>	<u>2014</u>

		5,471,868		5,542,785
Time restrictions expired				
Termination of irrevocable trust agreements		14,231,968		4,726,621
Termination of charitable gift annuities		1,387,061		1,257,700
		15,619,029		5,984,321
	<u>\$</u>	21,090,897	\$	11,527,106

Assets released from restrictions include assets distributed to the Institute from terminated trusts and restricted donations expended for their restricted purposes. Certain costs related to assets released are included in fund-raising expenses.

NOTE 10 - ENDOWMENT COMPOSITION

The Institute's endowment consists of both donor-restricted endowment funds and funds designated by the Board of Trustees to function as endowments for Scholarships for students.

Interpretation of Relevant Law:

Under the Uniform Prudent Management of Institutional funds Act (UPMIFA) of the State of Illinois, the Institute's Board of Trustees set the following guidelines to operate the endowment fund: The permanently restricted endowment fund will distribute to the current fund or to other funds to be used for ministry purpose each year 4.5% of the fund, as valued on the first day of each fiscal year. Income and appreciation in excess of that amount shall be retained and accumulated within the Endowment Fund.

Endowment net asset composition by type of fund as of June 30, 2015:

Donor-restricted endowment	Unrestricted	Temporarily <u>Restricted</u>	Permanently <u>Restricted</u>	<u>Total</u>
funds and unappropriated earnings Board-designated funds	\$ - 1,700,405	\$ 7,966,738 	\$ 38,239,761 	\$ 46,206,499 1,700,405

Net assets, June 30, 2015	\$ 1,700,405	\$ 7,966,738	\$ 38,239,761	\$ 47,906,904

<u>Return Objectives and Risk Parameters</u>: The investment objective of the endowment fund is to achieve, at minimum, an average total return of inflation plus 4% per year on a long-term basis. The asset allocation of the fund is designed to meet this objective with the lowest possible risk, and is determined using generally accepted techniques, which consider historic returns of various asset classes to calculate an efficient frontier.

<u>Spending Policy</u>: For the fiscal years 2015 and 2014, the Institute's policy for the appropriation of endowment assets for expenditure was to appropriate up to 4.5% of the value of those assets as of the first day of the new fiscal year for the donor-restricted endowment fund.

<u>Donor-Restricted Funds with Deficiencies</u>: From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or UPMIFA requires the Institute to retain as a fund of perpetual duration. Deficiencies of this nature that are in excess of related temporarily restricted amounts are reported in unrestricted net assets. There were no donor deficiencies as of June 30, 2015 and 2014, respectively. Donor-restricted principal, unless otherwise directed by the donor, shall not be disbursed.

NOTE 11 - UNSECURED LINE OF CREDIT

The Institute has a \$7,000,000 uncommitted line of credit with The Northern Trust Company (the Bank). Drawings on the line of credit are available solely on approval by the Bank; bear interest at Prime or LIBOR plus 1.2%, and are due on demand. There are no borrowings under the line of credit as of June 30, 2015 and 2014.

NOTE 12 - COMMITMENTS

The Institute has lease contracts and maintenance agreements for satellite and radio transmission towers, office and classroom space, computers and other equipment. Certain of these contracts and agreements contain renewal provisions. Expenses incurred under these agreements were approximately \$1,950,000 and \$1,700,000 for 2015 and 2014, respectively. The Institute also has capital lease agreements related to computer software and hardware. These lease agreements entered into on October 26, 2011 are 48 months in length with monthly payments of \$13,905 and a \$1 buyout option at the end of the lease term. The Institute paid \$4,010 and \$8,481 for interest on the capital lease in the fiscal years ending June 30, 2015 and 2014, respectively. Future minimum commitments for both operating and capital leases and maintenance agreements with non-cancelable terms in excess of one year are as follows at June 30:

		Operating Amount	apital mount
2016 2017 2018 2019 2020 Thereafter	\$	1,458,990 928,768 761,407 691,882 425,886 1,373,276	55,619 - - - - -
Total minimum operating lease payments Less: Amount representing interest	<u>\$</u>	5,640,209	 55,619 (4,010)
Present value of net minimum lease payments			\$ 51,609

In 2007, the Institute entered into a group employee health insurance plan with Blue Cross and Blue Shield of Illinois, whereby Blue Cross and Blue Shield provides certain administrative services and provides specific and aggregate stop loss coverage. The Institute pays a reduced monthly premium; however, it is responsible for the funding of all claims up to \$300,000 per individual per policy year. A liability of approximately \$430,200 and \$340,200 has been recorded by the Institute as of June 30, 2015 and June 30, 2014, respectively, for estimated claims incurred but not reported on that date. Group health insurance expense for the fiscal years ended June 30, 2015 and 2014, totaled approximately \$7,900,000 and \$6,990,000, respectively.

NOTE 13 - CONTINGENCIES

The Institute is party to certain legal proceedings and allegations. In most cases, these matters are covered by commercial insurance. Management is of the opinion that these matters will not have a material effect on the Institute's financial position or changes in net assets.

The Institute receives approximately \$4.5 million in student financial aid from the U.S. Department of Education. The disbursement of funds received under such programs generally requires compliance with terms and conditions specified in federal regulations and are subject to audit by the U.S. Department of Education and possible disallowance of certain expenditures. The Institute has not had any significant disallowance of student financial aid in the past and expects such amounts, if any, to be immaterial.
